

**K.R. MANGALAM WORLD SCHOOL, VAISHALI**  
**CLASS REPRESENTATIVE – GRADE XI**

**REPORT**

***Difficult roads often lead to beautiful destinations!***

The onset of the session amidst the Covid-19 outbreak definitely loaded us with a lot of challenges and questions of the future, but recalling what Carl Sagan said “***Somewhere, something incredible is waiting to be known***”, gave the educators at KR Mangalam World School, Vaishali encouragement and ideas of involving the students along with them in the journey of exploring and gaining knowledge. Here is a brief of the initiatives taken by Grade XI in the journey.

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great.” The students of Grade XI were very excited to experience the new classroom setup virtually after clearing their Grade X with flying colors. With every day, multiple events occurred and just as many opportunities to shine came in the way for them. The students participated actively in the videos to be published on the school’s YouTube channel starting from birthday videos to celebrating national and international days to festivals and teacher’ day.

To ensure that the students develop their academic skills, the school took training and workshops very seriously. The faculty took various initiatives to make virtual learning interesting and not a monologue. There was an arrangement done for the students to attend the virtual court proceedings on the decisions to be taken on the State government’s policies during the Covid times as a part of public hearing. The students were exposed to the Virtual laboratories. Discussions and documentary screening became a part of the regular teaching practice. The facilitators enrolled in a lot of workshops by CBSE and private organizations to help them upskill. The use of various applications and software helped the teaching learning interesting, effective and fun.

In the voyage of the discovery of excellence in the field of education, they did not leave the co-curricular activities at the back seat and enthusiastically participated in the Intra school and Inter school events including Dance, Music, Physical Education, Debate, MUN, Story writing, Quiz, Dramatics, etc. and brought laurels to the school by winning the competitions at both State and National level. The participation in the celebration Quiz of Independence Day and the virtual assembly on the occasion of celebrating the ideals of Mahatma Gandhi was outstanding. We appreciate the students for their active participation and learning in the New Normal setup.

A healthy mind resides in a healthy body’, keeping this in mind the Sports department organized a yoga session for the students and the parents to celebrate an ancient physical and mental practice which has many benefits in one’s wellbeing. Events such as World Book Day were celebrated by an activity DEAR – Drop Everything and Read to encourage the students’ reading

habits. To help the students stay updated to the Global affairs and gain knowledge about the nature and biodiversity challenges and perspectives on the solutions, the students were given exposure to MCOP2020. The Vaishali Flash Mob was an initiative of dancing to the same song was taken to bring out the spirit of joy and togetherness.

To keep up with the process of Exchange Program initiative, there was a virtual meet up organized with the French delegates to help them understand each other's challenges and take the best practices. To encourage the reading habit among children e-newspapers and children magazines were being sent to the students regularly. Regular Counselling sessions were being organized by the school to guide the students adjust in the future setup. The virtual Children's day celebration was organized by the teachers to make the students feel special and the students had fun participating in various activities planned. To appreciate the artists in the students and the parents, a Virtual Art Exhibition was organized and the students of Grade XI participated enthusiastically in the same.

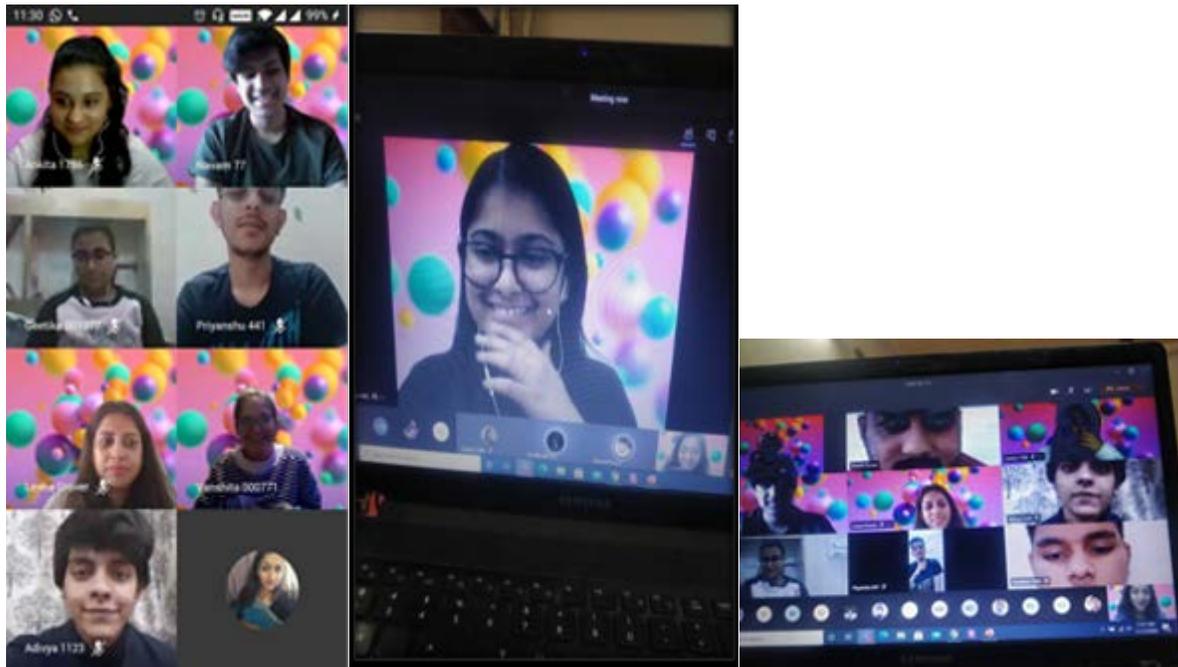

The school did not even compromise on the relationship with the parents and conducted regular scheduled Parent Teacher Interactions updating the parents about the student's progress and areas of concern. Tele Counselling service has also been provided for the parents and the students. The continuous appreciation from them keeps us going and striving to do even better. The trust of the students and parents in the school and encouragement makes all the efforts done worth it.

SURBHI KHANNA

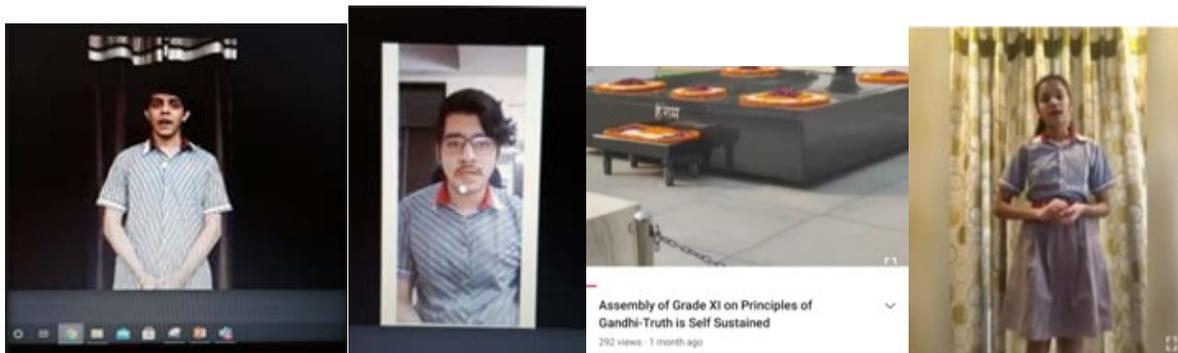

### **OUR ACHIEVERS**

S.NO.	NAME OF THE STUDENT	EVENT PARTICIPATED IN	ORGANISED BY	PRIZE WON
1	<b>Hitika Gilhotra</b>	Trishna Art	St. Columbus School	First Prize
		Vibgyor	State skipping competition- Dehradun Public school	First Prize
		Debate competition	Maharaja Agrasen Public School	First Prize
2	<b>Mohit Singh</b>	ISRO Space Quiz	ISRO	Paper 1 - 80/100 Paper 2 - 100/100
3	<b>Vanshita Bhateja</b>	Headline It	CREO International	Merit Batch
